

#2 HSF MEETING@CROATIA

the Heart Surgery Forum

MAY 14-17, 2014
SPLIT, CROATIA
RADISSON BLU HOTEL

www.hsfmeeting.com

INVITATION TO INDUSTRY

EXIBITORS & SPONSORS

Dear Colleagues and Friends,

In 2010, the HSF organized a scientific session in Croatia which brought together members of the Forum in one location. For most of us, we met face-to-face for the first time after years of email-only correspondence. A number of the surgeons had reached international notoriety solely due to their exposure through the HSF.

During this 4-year-period, numerous new techniques and devices have evolved, helping surgical community to struggle with more complicated patients and, in the same time, bringing new challenges and raising many questions. The time has come to meet again, and share our experience, fears and thoughts.

This innovative meeting will include presentations and discussions on the latest developments in:

- **coronary surgery**
- **valve surgery**
- **aortic surgery**
- **congenital surgery**
- **heart failure**
- **assist devices**
- **heart transplant**
- **other fields of expertise and interest**

Participants in this meeting will have a unique opportunity to meet with colleagues and exchange ideas in a friendly and congenial environment. There will be ample opportunities to discuss state of the art approaches and consult with the experts in both informal discussions as well as formal panel sessions. An international audience of researchers and clinicians from the fields of cardiac surgery will be given by renowned professionals.

We hope that you will join us in our efforts to deliver the mission of the **# 2 HSF Meeting@Croatia** by becoming a **Sponsor and Exhibitor**. We believe that this Meeting provides a great opportunity for industry to present their products and technologies to the leading professionals in the field.

Program, Registration, Information on Sponsorship and Exhibition is available at:

www.hsfmeeting.com

Meeting Chairman
Igor RUDEZ,
M.D., Ph.D.
Department of Cardiac Surgery
University Hospital Dubrava
Zagreb, Croatia,

1
